Re: Li-2A-2 Zone, Reservoir A
Lake Washington Field
Plaquemines Parish, Louisiana

Dear Commissioner Asprodites:

Application is hereby made on behalf of **SWIFT ENERGY COMPANY**, for the calling of a public hearing, after ten (10) days legal notice, to consider evidence relative to the issuance of an Order pertaining to the following matters relating to the Li-2A-2 Zone, Reservoir A, in the Lake Washington Field, Plaquemines Parish, Louisiana, for which rules and regulations were established and a single drilling and production unit was created for the exploration for and production of oil and gas by Office of Conservation Order No. 149-XX, effective November 9, 1999, such unit designated Li-2A-2 RA SUA:

1. To permit the applicant to designate and utilize the Swift Energy Company – State Lease 212 No. 102 Well (Serial No. 226212) as alternate unit well for the Li-2A-2 RA SUA, in the Lake Washington Field, Plaquemines Parish, Louisiana, said well to be at the location shown on the plat attached hereto and made a part hereof, in accordance with the spacing provisions of Office of Conservation Order No. 149-XX, effective November 9, 1999.

2. To find that this well is necessary to efficiently and economically drain a portion of the reservoir covered by the unit which cannot be so drained by any existing well within such unit.

3. To permit the operator to produce the unit allowable from the existing unit well, the existing alternate unit wells and/or the proposed alternate unit well in any combination at the discretion of the operator.

4. Except to the extent herein set forth, to continue in full force and effect the provisions of Office of Conservation Order No. 149-XX and the unit created thereby.

5. To consider such other matters as may be pertinent.

The Li-2A-2 Zone, Reservoir A, in the Lake Washington Field, Plaquemines Parish, Louisiana, was previously defined in Office of Conservation Order No. 149-XX, effective November 9, 1999.

The applicant is requesting permission to designate and utilize the Swift Energy Company – State Lease 212 No. 102 Well as alternate unit well for the Li-2A-2 RA SUA. This well will permit efficient and economic recovery of hydrocarbons underlying the unit and is needed to satisfy the market demand for oil and gas from the field.

Attached hereto and made a part hereof is a plat outlining the applicant's proposal and a list of the names and addresses of the Interested Owners, Represented Parties and Interested Parties to whom a copy of this application is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished only to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation; however, the list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties and Represented Parties.

Finally, enclosed herewith is our check on behalf of the applicant in the amount of \$700.00 made payable to the Office of Conservation representing the required hearing application fee.

Very truly yours,

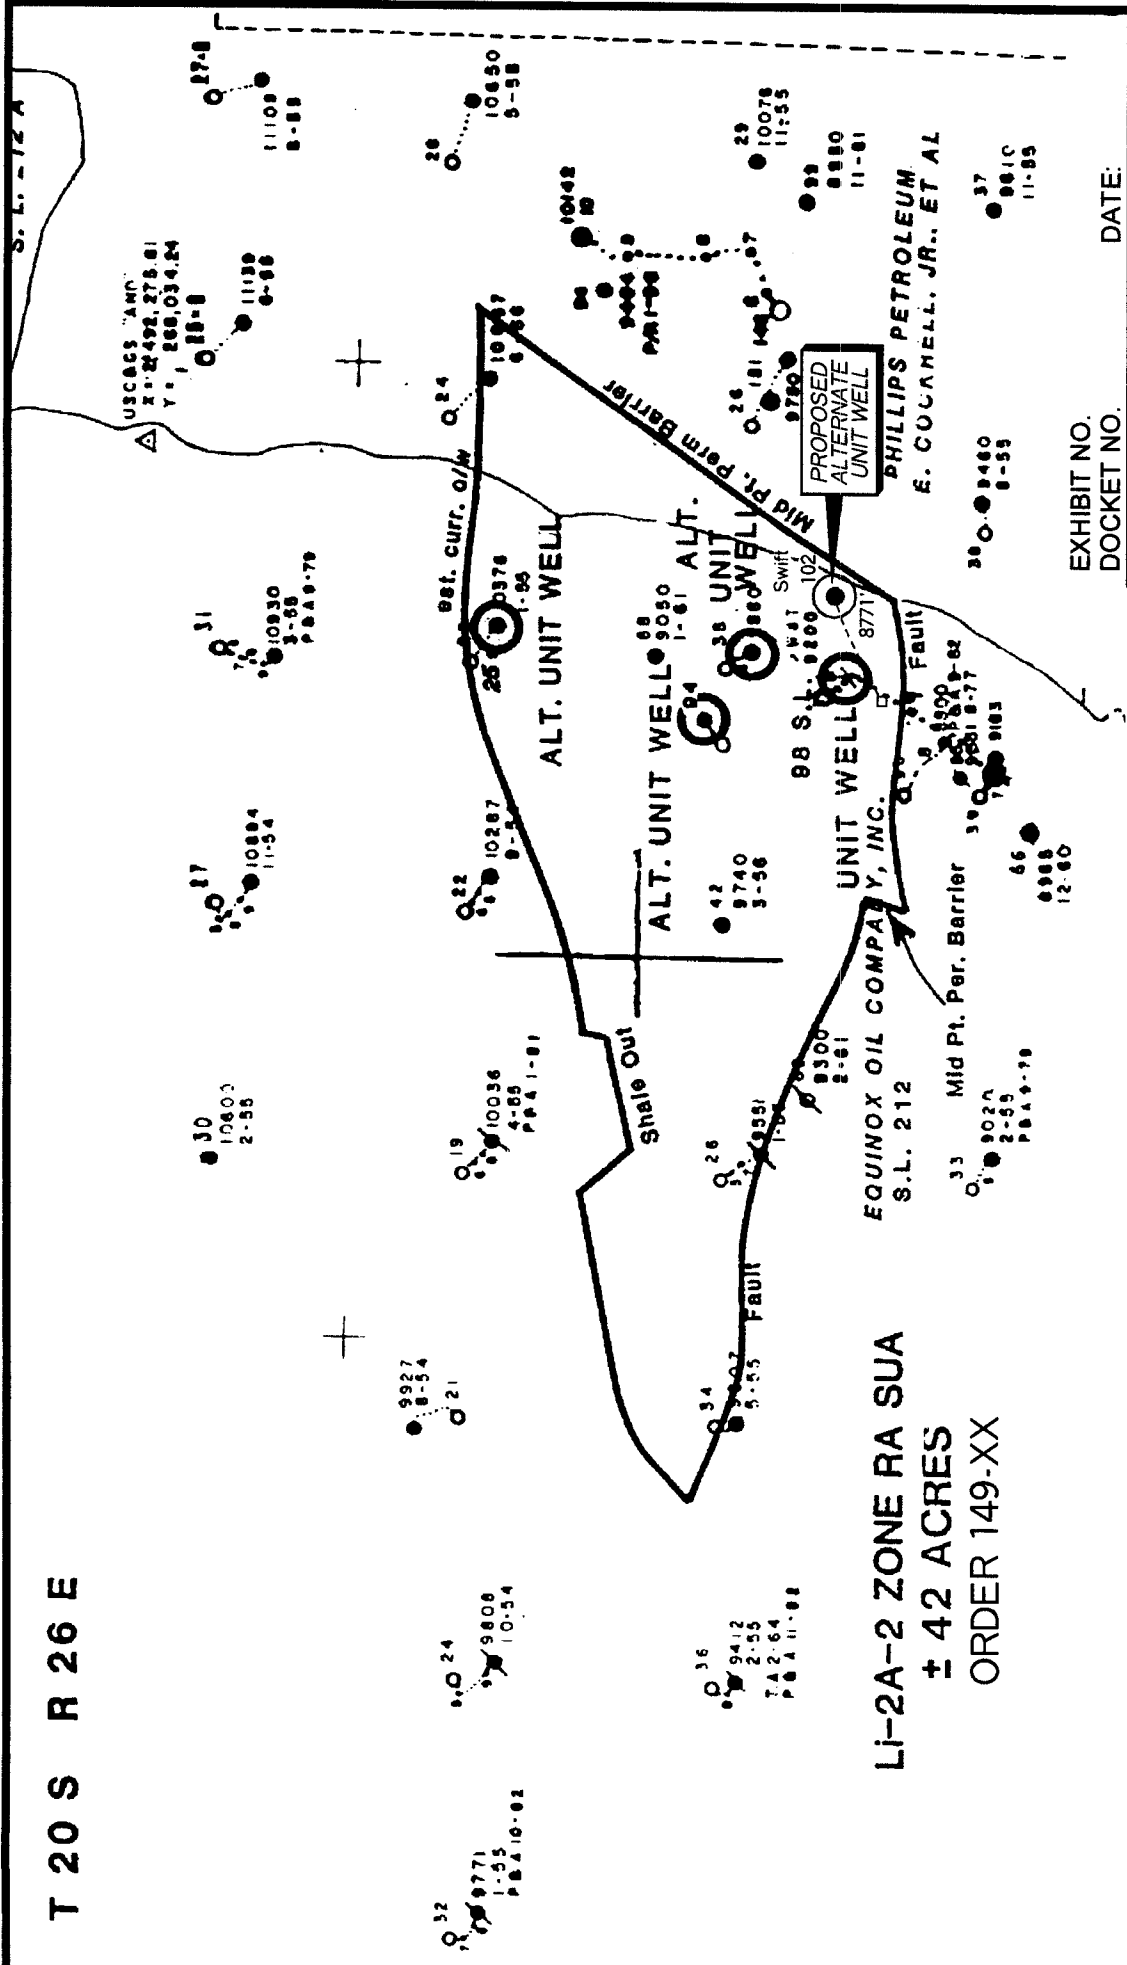

Richard W. Revels, Jr.
